[Investigations Nos. 731-TA-753-756 (Final)]

Certain Carbon Steel Plate From China, Russia, South Africa, and Ukraine

AGENCY: United States International Trade Commission.

ACTION: Scheduling of the final phase of antidumping investigations.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping investigations Nos. 731-TA-753-756 (Final) under section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of less-than-fair-value imports from China, Russia, South Africa, and Ukraine of certain carbon steel plate,¹ provided for in provisions of headings 7208 through 7212 of the Harmonized Tariff Schedule of the United States (HTS).²

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

EFFECTIVE DATE: June 10, 1997.

¹ For the purposes of these investigations, certain carbon steel plate is hot-rolled iron and nonalloy steel universal mill plates (i.e., flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm but not exceeding 1,250 mm and of a thickness of not less than 4 mm, not in coils and without patterns in relief), of rectangular shape, neither clad, plated, nor coated with metal, and whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain iron and nonalloy steel flat-rolled products not in coils, of rectangular shape, hot-rolled, neither clad, plated, nor coated with metal, and whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 mm or more in thickness and of a width which exceeds 150 mm and measures at least twice the thickness. Included in this definition are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (i.e., products which have been "worked after rolling")—for example, products which have been bevelled or rounded at the edges. Excluded from this definition are plates that are characterized as grade X-70 plates.

² Certain carbon steel plate is currently covered by the following statistical reporting numbers of the HTS: 7208.40.3030; 7208.40.3060; 7208.51.0030; 7208.51.0045; 7208.51.0060; 7208.52.0000; 7208.53.0000; 7208.90.0000; 7210.70.3000; 7210.90.9000; 7211.13.0000; 7211.14.0030; 7211.14.0045; 7211.90.0000; 7212.40.1000; 7212.40.5000; and 7212.50.0000.

SUPPLEMENTARY INFORMATION:

Background

The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that imports of certain carbon steel plate from China, Russia, South Africa, and Ukraine are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigations were requested in a petition filed on November 5, 1996, by Geneva Steel Co., Provo, UT, and Gulf States Steel, Inc., Gadsden, AL.

Participation in the Investigations and Public Service List

Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Limited Disclosure of Business Proprietary Information (BPI) Under an Administrative Protective Order (APO) and BPI Service List

Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided
